8. THIRD PART ENGINEERING SUPPORT

Besides our internal know how in engineering for industries particularly in the pharmaceutical, cosmetic and chemical sectors, we count with engineering support in Brazil and abroad depending on the specific project needs. Examples:

- Chemical engineering support by Phd professionals
- WFI and EDI design for generation systems support by AIWS

Acqua Sistema e Instalações has complete know how in design, installation, start up and maintenance for PW water, RO techniques, storage and distribution to the points of use and automation (control panel, software, instruments, analysers) for the water systems.

9. SCOPE OF SUPPLY

9.1 SUPPLY OF INDUSTRIAL INSTALLATIONS INCLUDING EQUIPMENT, PIPING, ELECTRICAL AND AUTOMATION. MANUFACTURE OF CUSTOMISED CONTROL PANELS AND TURN KEY PROJECTS WITH APPLICATION SOFTWARE AND INSTRUMENTATION.

General installation plan for automation, water and utilities

9.2 PURE WATER SYSTEMS SUPPLY

Water purification systems: filtration, softening, reverse osmosis, eletrodeionization, ultrafiltration for the pharma/ cosmetics/ food sectors.

9.3 EFFLUENT TREATMENT WITH REUSE OR PROPER DISPOSAL

Supply of effluent treatment systems with reuse or with proper disposal as per the legal local rules with partnership with specialized companies dedicated to WTS and ETS.

10. ASSOCIATED PARTNERS FOR SYSTEM INTEGRATION

Rockell Automation, iFix, Elipse software, Alfa Laval, Pentair Water, Fleck, Jumo, Burkert, Schneider (Telemecanique, Merlin Gerin), Moeller, Rockell Automation, Siemens, GE Fanuc, Unitronics, iFix, Smar. Filmtec (Dow), Purolite, Techfilter.
